Sub :- Regarding display and submission of meeting minutes for date 21st January 2025 of the deficient colleges included in the meeting of the High Level Committee constituted by Hon'ble High Court, Jabalpur

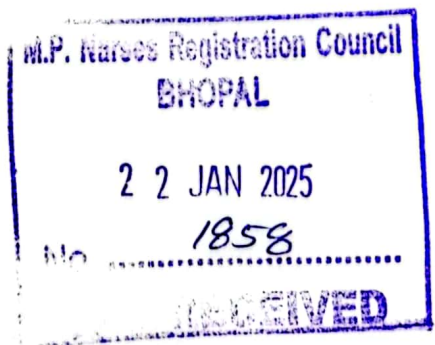

---000---

With Reference to the above subject & Letters, Hon'ble High Court, Jabalpur under WP 32128/2024, dated 18/10/2024 directed High Level Committee constituted by Hon'ble High Court, Jabalpur to give report of the committee to MPNRC and MPNRC shall upload the same on their portal immediately without wasting any further time. The Committee is directed to me to give report of meeting dates from 21st January 2025 to MPNRC.

Please take direction from court regarding this and upload on appropriate portal as per decision of Hon'ble High Court.
(As per order by the Hon'ble Committee)

Enclosed- 07 pages of meeting minutes dated 21 January 2025

Nodal Officer for the Committee
constituted by the Hon'ble High Court

**MINUTES OF THE MEETING OF THE COMMITTEE APPOINTED BY THE HON'BLE HIGH COURT
TO DETERMINE SUITABILITY OF NURSING COLLEGES IN M.P.
HELD AT GANDHI MEDICAL COLLEGE, BHOPAL
ON 21st JANUARY 2025**

Member Sh. RS Julaniya joined in person while Chairman Sh. RK Shrivastava and Member Sh. Shreeprakash Mani Tripathi joined online. Nodal Officer Dr. CP Shukla assisted the Committee.

The Committee considered representations of the following colleges in its meetings from 12th to 15th January and made its recommendations based on the documents:

1. **Veerangna Awantibai Nursing College, Chhatarpur**
2. **Gyanveer Sursing College, Sagar**
3. **BM School of Nursing, Vidisha**
4. **Shree Ramraja College of Nursing, Niwari**

The above colleges made representations to the Committee that their cases were considered without affording them opportunity of personal hearing. The Committee had considered their cases based on documents only for paucity of time as the Hon'ble High Court expected that the Committee would determine their suitability or otherwise by 15th January 2025.

Since the Committee arrived at a definite finding with regard to the above colleges and submitted its report to the Hon'ble Court it is considered appropriate to await the orders of the Hon'ble Court in the matter listed on 23rd January for hearing.

5. **Narmada Institute of Nursing, Badwah, Khargone**

Sh. Pawan Kumar, Principal and Professor Ms Reshma Lal present.

The College submitted its representation to the Registrar, MPNRC on 20th January 2025 which was received to the Nodal Officer of the Committee on the same day. Therefore, the Committee took up the representation today.

The Hon'ble High Court in its order dated 7th January in WP No. 20 of 2025 directed petitioner nursing Colleges to appear before this Committee and satisfy it with regarding to removal of deficiencies observed by the CBI team in second round of inspections carried out in compliance to the orders of the Hon'ble Court.

Perusal of the orders shows that the Petitioner nursing colleges have obtained order of the Hon'ble Court by misrepresentation and making factually incorrect submissions. They led to the Hon'ble Court to believe that the extant Committee has been constituted for examining the representations of colleges found deficient by the CBI team in the second round of inspections. The petitioner pleaded before the Hon'ble Court that in WP No. 1080/2022 order dated 13.02.2024 the Hon'ble Court had formulated this Committee to satisfy about the removal of the deficiencies pointed out by the CBI in the second round of inspection.

The fact is that this Committee has been formed by the Hon'ble Court with regard to the Colleges found deficient in the initial (first round of CBI inspections. In addition, the Hon'ble

Court in individual cases has directed some Colleges who were found unsuitable in CBI inspections or found deficient in second round of inspections.

The Hon'ble Court in WP No. 38524 of 2024 specifically expressed in para 4 of the Order that ".....instead of directing the Committee, the deficiencies as have been pointed-out by the CBI in second round of inspection, can be considered by the Respondent No. 4". Respondent No. 4 in this WP was the MPNRC.

Accordingly, this Committee has been considering cases of only such Colleges who have been specifically directed by the Hon'ble Court to satisfy this Committee regarding removal of deficiencies.

Notwithstanding the fact that the Petitioner colleges have obtained the orders of the Hon'ble Court by false statement regarding the orders of the Hon'ble Court, the Committee decided to consider the case instead of referring back the matter to the Hon'ble Court.

In its inspection of the College by CBI team on 25.09.2024, it noted deficiencies of a) built-up area is 12,079 square feet which is less than norms, b) small sizes of class rooms, labs and library, c) no class room for BSc III and IV year, d) inadequate teaching faculty and e) non availability of AV Aid lab room.

Sh. Pawan Kumar represented that the deficiencies noted by CBI team have been removed in the following manner:

- a) After additional construction the built-up area is 21,000 square feet.
- b) By alterations and removal of walls in the building, area of class rooms, library and laboratories have been increased to meet the norms.
- c) Class rooms for BSc III and IV year and AIV Aid lab have been provided.
- d) Presently, the College has only 28 BSc students. It has sanction for 60 seats for GNM only. Earlier it got sanction of 30 seats for BSc but did not obtain sanction for BSc seats since 2022-23.
- e) After recruitment of additional faculty, the College has a faculty strength of one principal, one vice principal, 2 associate professors, 2 assistant professors and 20 tutors.
- f) The College has bed allocation for practical training from 140 bedded Government Civil Hospital, Badwah.

Documents and photos submitted by the College support the assertions made by Sh. Pawan Kumar. Hence, the Committee is satisfied that deficiencies noted by CBI team have been remedied. Therefore, the Committee finds and recommends that:

1. **For present students:** the College is suitable.
2. **For future students:** Suitable subject to bed allocation from eligible 100 bedded functional hospital.

6. DP Chaturvedi School of Nursing, Seoni

Dr. KK Chaturvedi, Chairman of Shriram Adarsh education Society running the College and Director of the College and Sh. Sumit Sanodiya, Vice Principal of the College present.

The College submitted its representation to the Registrar, MPNRC on 8th January 2025 which was received to the Nodal Officer of the Committee on 20th January 2025. Therefore, the Committee took up the representation today.

The Hon'ble High Court in its order dated 10th January in WP No. 958 of 2025 directed petitioner nursing College to appear before this Committee and satisfy it with regarding to removal of deficiencies observed by the CBI team in second round of inspections carried out in compliance to the orders of the Hon'ble Court.

Perusal of the orders shows that the Petitioner nursing college has obtained order of the Hon'ble Court by misrepresentation and making factually incorrect submissions. They led to the Hon'ble Court to believe that the extant Committee has been constituted for examining the representations of colleges found deficient by the CBI team in the second round of inspections. The petitioner pleaded before the Hon'ble Court that in WP No. 1080/2022 order dated 13.02.2024 the Hon'ble Court had formulated this Committee to satisfy about the removal of the deficiencies pointed out by the CBI in the second round of inspection.

The fact is that this Committee has been formed by the Hon'ble Court with regard to the Colleges found deficient in the initial (first round of CBI inspections. In addition, the Hon'ble Court in individual cases has directed some Colleges who were found unsuitable in CBI inspections or found deficient in second round of inspections.

The Hon'ble Court in WP No. 38524 of 2024 specifically expressed in para 4 of the Order that *".....instead of directing the Committee, the deficiencies as have been pointed-out by the CBI in second round of inspection, can be considered by the Respondent No. 4"*. Respondent No. 4 in this WP was the MPNRC.

Thus, this Committee has been considering cases of only such Colleges who have been specifically directed by the Hon'ble Court to satisfy this Committee regarding removal of deficiencies.

Notwithstanding the fact that the Petitioner college has obtained the orders of the Hon'ble Court by false statement regarding the orders of the Hon'ble Court, the Committee decided to consider the case instead of referring back the matter to the Hon'ble Court.

The deficiencies noted by CBI team and representation of the College regarding remedial measures taken up by it are as below:

#	Deficiency noted by CBI Team	Remedial Measures Taken by College
1	Built-up area is only 9,710 sqft.	The College building is G+2 of total 28,101 sqft. built-up area. CBI did not take into account total available building/area.

A

2	No faculty room	Area has been increased by alterations and removal of partitions.
3	No AV AID room	
4	Area of all available labs small	
5	Small size of multipurpose hall	Multipurpose hall of 3,000 sqft. located opposite the College has been taken on rent for 11 month.
6	Only 10 of the 16 faculty eligible	Present faculty strength is 20 having requisite qualifications – one principal, one vice principal and 18 tutors.
7	Deficiency of area and books library	Area increased and books procured.
8	Deficiency of articles in labs	Procured.
9	GNM students not sent for practical training	Due to COVID it happened. Now it is regular.

Geo-tagged photos of the College show that in the said building of the Society it is running the DP Chaturvedi Science, Commerce, Arts and Education College on the first and second floor. Dr. Chaturvedi stated that the Science, Commerce, Arts College would be shifted to a new building by April 2024.

The College has sanction for 60 seats for GNM and presently has 120 students. It does not have any parent hospital and has bed allocation from District Hospital, Seoni.

Based on the documents and photos submitted by the College the Committee is not satisfied with regard to removal of deficiencies. Sh. Chaturvedi requested for time for removal of deficiencies.

The Committee recommends that:

1. The College is **presently unsuitable** for nursing education.
2. Present students be shifted to another suitable nursing colleges.
3. The College may apply for recognition as and when it acquires eligibility under the rules.

7. **Adarsh Institute of Nursing, Nainpur, Mandla**

Sh. Anand Soni, Secretary of the Adarsh Education and Welfare Society running the College present.

The College submitted its representation dated 15th January 2025 which was received to the Nodal Officer of the Committee on 16th January 2025. Therefore, the Committee took up the representation today.

The Hon'ble High Court in its order dated 10th January in WP No. 1097 of 2025 directed the Respondents to include the College in the list of suitable colleges for participating in counselling if the Petitioner College has removed deficiencies.

Perusal of the order shows that the Petitioner nursing college has obtained order of the Hon'ble Court by making factually incorrect submission. It has led the Hon'ble Court to

believe that the extant Committee has been constituted for examining the representations of colleges found deficient by the CBI team in the second round of inspections. The petitioner contented before the Hon'ble Court that in WP No. 1080/2022 order dated 13.02.2024 the Hon'ble Court had formulated this Committee to satisfy about the removal of the deficiencies pointed out by the CBI in the second round of inspection.

The fact is that this Committee has been formed by the Hon'ble Court with regard to the Colleges found deficient in the initial (first round of CBI inspections. In addition, the Hon'ble Court in individual cases has directed some Colleges who were found unsuitable in CBI inspections or found deficient in second round of inspections.

The Hon'ble Court in WP No. 38524 of 2024 specifically expressed in para 4 of the Order that *".....instead of directing the Committee, the deficiencies as have been pointed-out by the CBI in second round of inspection, can be considered by the Respondent No. 4"*. Respondent No. 4 in this WP was the MPNRC.

Accordingly, this Committee has been considering cases of only such Colleges who have been specifically directed by the Hon'ble Court to satisfy this Committee regarding removal of deficiencies.

Notwithstanding the fact that the Petitioner college has obtained the orders of the Hon'ble Court by false statement, the Committee decided to consider the case instead of referring back the matter to the Hon'ble Court.

The deficiencies noted by CBI team and representation of the College regarding remedial measures taken up by it are as below:

#	Deficiency noted by CBI Team	Remedial Measures Taken by College
1	Land of the College building is not owned by the College.	Land owner Sh. Anand Soni (who is Director of the College) has donated the land to the Society running the College. Copy of the registered donation deed submitted with representation.
2	Built-up area of the College building is only 9,499.51 sqft.	The available area after completion of ongoing construction is 19,000 sqft. Area has been increased by alterations and removal of partitions.
3	Multipurpose hall of 2,812 sqft. Rented recently.	CBI team did not include the area of the stage. The hall area is 3,112 sqft.
4	Small sizes of all labs (except fundamental lab), library and class room.	Area of class rooms meet the norms, area of labs have been increased by joining of adjacent rooms.
5	No ventilation and natural light in class rooms and labs.	Ventilation and windows existed even at the time of CBI inspection.
6	Inadequate articles/equipments in labs.	Procured to remedy the deficiencies. Vouchers submitted as proof.

7	Inadequacies of library – preschool books available but nursing education books not available.	By alteration and removal of wall area has been increased. Books procured. Vouchers submitted for proof.
8	Non maintenance of laboratory records	Records updated.

Sh. Anand Soni stated that the College has sanction for 50 seats of GNM and has 95 students presently. It has a faculty of 15 comprising of a principal, a vice principal and 13 tutors. The College has bed allocation from 100 bedded Government Civil Hospital, Nainpur located at a distance of app. 2 KM.

Geo-tagged photos of the College show that the College building is G+2 story. The College questioned findings of the CBI with respect to area. Therefore, physical verification is required to verify facts before arriving at any conclusive finding.

8. Kothari Institute of Nursing, Jabalpur

Mr, Vinay Kumar Tiwari, Director of the College, Principal Ms. Amita Tiwari and Tutor Ms. Ichcha Tiwari present.

The Committee had heard the College in its meeting dated 17-18 December 2024 wherein Mr. Tiwari sought time to remove deficiencies noted by CBI team.

CBI had found the college unsuitable in its inspection on the ground of deficiencies of a) inadequate area of only 6,400 square feet, b) vacancy of principal and vice principal, c) small sizes of all class rooms, d) non-availability of AV Aid room and advanced nursing labs, e) insufficient toilet facilities, f) small sizes and poorly equipped laboratories and library, etc.

The College approached the Hon'ble High Court stating that it was found suitable by CBI in its earlier inspection but found it deficient in later inspection. The Hon'ble High Court, vide its order dated 14th November 2014, directed the College to appear before the Committee and satisfy it with regard to suitability of the College.

The deficiencies noted by CBI team and representation of the College regarding remedial measures taken up by it are as below:

#	Deficiency noted by CBI Team	Remedial Measures Taken by College
1	Built-up area of the College building is only 6,400 sqft.	The College has removed all deficiencies. However, it failed to demonstrate by geo-tagged photos and documents.
2.	Small sizes and poorly equipped laboratories and library, etc.	
3	Small sizes of all class rooms	
4	Non-availability of AV Aid room and advanced nursing labs	
5	Insufficient toilet facilities	
6	Vacancy of principal and vice principal	

A

According to Principal Ms Amita Tiwari the College has sanction for 60 seats for BSc program and has 135 students presently. It has a faculty of 18 comprising of a principal, vice principal, 2 associate professors, 3 assistant professors and 11 tutors.

Since the College has failed to produce proof (geo-tagged photos and documents) to satisfy the Committee regarding removal of deficiencies despite getting ample time, the Committee finds that the College is not serious about its affairs. The Committee cannot help a college who is not serious in managing and running its affairs.

Therefore, the Committee recommends that:

1. The College is **presently unsuitable** for nursing education.
2. Present students be shifted to another suitable nursing colleges.
3. The College may apply for recognition as and when it acquires eligibility under the rules.

These minutes are issued with the approval of the Hon'ble Chairman.

Nodal Officer for the Committee
constituted by the Hon'ble High Court

**MINUTES OF THE MEETING OF THE COMMITTEE APPOINTED BY THE HON'BLE HIGH COURT
TO DETERMINE SUITABILITY OF NURSING COLLEGES IN M.P.
HELD VITUALLY ON 27th JANUARY 2025**

The meeting of the Committee was held virtually wherein the Chairman and Members joined online and Nodal Officer Dr. CP Shukla presented cases of the Colleges.

The following Colleges joined online and presented their cases:

S. No.	Name of College	Representative Present via Google Meet Video Conference
1	Gyanveer Nursing College, Sagar	Administrator Sh. Sandeep Bain, Vice Principal Sh. Jitendra Singh Dhakad and Coordinator Sh. Manish Jain.
2	Sai College of Nursing, Khandwa	President Sh. Pravesh Bhardwaj and Vice Principal Sh. Harish KB.
3	New Era College of Nursing, Dewas	Director Sh. Manvendra Singh and Principal Dr. Bipin Abraham.
4	Arogya Institute of Nursing, Ratlam	Principal Sh. Himanshu Joshi.
5	Swami Vivekanand College of Nursing, Sagar	Director Sh. Aditya Prakhar Tiwari and Associate Professor Mrs. Bhawna David.
6	Veerangna Awantibai College of Nursing, Chhatarpur	Chairman Ashish Dixit, Vice Principal Nitesh Soni and Principal Ms. Pon Christinal.
7	Shree Ramraja College of Nursing, Niwari	Society Secretary Mr. Milan Singh
8	Global Prashanti Nursing College, Ujjain	Vice President of the Society running the College Sh. Avnish Gupta and Principal Ms Meha Rawat.
9	Jagatguru Dattatreya College of Nursing, Indore	Director Sh. Prakash Ratna PArkhi.
10	BM School of Nursing, Vidisha	Chairman Sh. Arwind Tiwari

The Committee heard each of the above representatives, perused the records submitted with their representations, queried about buildings, infrastructure, facilities, faculty, sanctioned seats in different nursing education programs and students presently studying in their colleges.

After careful consideration of the records and facts as they appeared before the Committee, and affording ample opportunity to present their cases, the Committee arrived at the following conclusions:

#	Nursing College	Findings	Grounds
1	Gyanveer Nursing College, Sagar	Suitable subject to assured bed allocation for practical training from Government Hospital(s).	The available parent hospital is not eligible but the College has bed allocation from government hospitals. Its present 249 students require utmost priority in bed allocation from government hospitals for their practical training. New admissions should not be allowed without first obtaining assured bed allocation from eligible government hospitals in the bed student ratio of 3:1.

2	Sai College of Nursing, Khandwa	Suitable for a maximum of 30 seats in all nursing programs in any year. Additional seats may be allowed only after assured bed allocation for practical training from Government Hospital(s).	100 bedded parent hospital can allow practical training of maximum 33 nursing students in any program. Bed occupancy needs to be verified before allowing new admissions, as limited time did not allow the Committee to verify whether it is functional or not. Other deficiencies noted by CBI seem to have been removed.
3	New Era College of Nursing, Dewas	Though prima facie unsuitable, the Committee decided to defer its recommendations until after fact finding by sudden inspection.	The Principal and Vice Principal shown to have been appointed on 1 st January 2025 in the list provided with representation were not present. Some other persons were present claiming to be Principal and Vice Principal. Interaction with the faculty during Goggle Meet video conference gave information inconsistent with those submitted in the representation. These raised apprehensions on the truthfulness of submissions made in the representation and enclosed documents and photos with regard to other deficiencies noted by CBI team.
4	Arogya Institute of Nursing, Ratlam	Removal of deficiency cannot be determined without site inspection.	Submissions made during the hearing and perusal of photos support the contention of removal of infrastructure related deficiencies. However, interaction with the faculty during Goggle Meet video conference gave information raising doubts on availability of full-time faculty and their academic qualifications and/or competencies. Most of the faculty members joined the College recently.
5	Swami Vivekanand College of Nursing, Sagar	Suitable	The Committee felt satisfied with regard to removal of deficiencies noted by CBI team, and also with regard to availability of faculty and bed allocation for practical training of students from government hospitals.
6	Veerangna Awantibai College of Nursing, Chhatarpur	Suitable for present students subject to assured bed allocation for practical training from Government Hospital(s). Suitable for new admissions only in the event of prior bed allocation from government hospitals for practical training in the bed student ratio of 3:1.	The College representative asserted that it has no student presently in MSc program and would not seek sanction for MSc program, and therefore, its suitability should be considered only for BSc and GNM programs. The Committee is satisfied that available building and infrastructure suffices for BSc and GNM program with a ceiling of 45 students per batch in any year. Parent hospital has poor bed occupancy and therefore, not suitable for practical training of students.
7	Shree Ramraja College of Nursing, Niwari	Suitable for GNM program.	The College runs only GNM program and its case was considered only for GNM program. The Committee got site inspection done through the O/o Collector, Niwari and accordingly, noted that the College has remedied the deficiencies noted by CBI team.

8	Global Prashanti Nursing College, Ujjain	Removal of deficiency relating to hospital for practical training cannot be determined without site inspection.	While documents and photos submitted support removal of building and facilities related deficiencies, the College could not provide convincing proof of its parent hospital having reasonable bed occupancy to allow meaningful practical training to students. The Committee provided ample opportunities and deferred the case 4 times but none from the hospital could connect online in the Zoom Meeting.
9	Jagatguru Dattatreya College of Nursing, Indore	Unsuitable and a fit case for action against the culprits and their accomplices, including those who gave 120 bed recognition, under the criminal law.	Member Sh. RS Julaniya alongwith Nodal Officer Dr. CP Shukla made a sudden inspection to the College on 24 th January at 10:00 AM. The said 120 bedded parent hospital and nursing College was locked and closed. No vehicle, student or faculty was seen in the premises. One gardener opened the building doors while 2 women were sitting idle at the back of the building. One Mr. Parkhi appeared and suggested to see the furniture and admitted patients in the hospital. On visit inside the building 4 men and 3 women were found in 2 distinct cage like closed rooms. It was learnt from the gardener (who opened the building lock) that they were in the deaddiction center run by the Society. There was no operation theater or any basic facilities required in a hospital either. Thus, the College and its said hospital both are mere paper entities. During personal hearing Chairman Mr. Parkhi mentioned that if time was allowed he would remove the deficiencies. The Committee denied this request for it cannot allow itself to be an instrumentality for perpetuation of the fraud.
10	BM School of Nursing, Vidisha	Postponed for next date of hearing.	The Chairman appeared without any faculty. He requested for next date of hearing.

Committee next meeting will be held on 11th & 12th February 2025.
These minutes are issued with the approval of the Hon'ble Chairman.
